Northern Nevada Leaders Endorse Greg Kidd for Congress

Reno, NV – Today, a wave of Northern Nevada leaders endorsed Greg Kidd, nonpartisan candidate for Nevada's 2nd Congressional District. These endorsements underscore Kidd's commitment to protecting reproductive freedom, tackling the housing crisis, building new infrastructure, and growing an economy that works for everyone.

"I am both proud and humbled by the endorsements I have received from these Northern Nevada leaders. I am the only candidate for Congress who steadfastly supports reproductive freedom and labor rights, and who will address the everyday economic concerns of Nevadans, regardless of political party," said Kidd.

The following Northern Nevada leaders have endorsed Greg Kidd for Congress:

- **Kate Marshall, former Lt. Governor:** "Greg Kidd understands the issues that affect all Nevadans regardless of party affiliation. He's committed to setting aside partisanship to protect reproductive rights, modernize our local economy, and invest in creating jobs that pay enough to raise a family. That's the kind of leadership our community deserves in Washington."
- **Skip Daly, State Senator, District 13:** "Regardless of party, Greg Kidd is a true champion for all Nevadans and a steadfast supporter of labor."
- **Devon Reese, Reno City Council Member:** "Greg is uniquely qualified to solve problems that impact Nevadans. Nonpartisans and well meaning Democrats and Republicans alike should unite behind him."

- **Jill Derby, former Nevada System of Higher Education Regent:** “Greg walks the walk in terms of women’s rights: he has women in every leadership position on his campaign and in his private business.”

Greg Kidd’s campaign continues to gain momentum as more voters recognize his unwavering commitment to key issues such as reproductive rights, affordable housing, and economic growth. As a nonpartisan candidate, Kidd’s unique ability to bridge divides and to focus on practical solutions resonates with Nevadans who are tired of partisan politics and gridlock.
